# **PART 1 – IN-YEAR REPORT**

## **Section 1 – Chairperson’s Report**

### ***1.1 In-Year Report - Monthly Budget Statement***

The monthly budget statement for the month of March has been prepared in accordance with the Municipal Budget and Reporting Regulations, 2008.

### **1.2 Implementation of the budget in accordance with the APP**

It is planned that quarterly assessments on implementation of the budget will be performed in line with the approved APP/Service Delivery and Budget Implementation Plan.

### **1.3 Financial risks or problems facing the entity**

The audit report of 2014/15 financial year raised concerns regarding the going concern status of ASPIRE. Whilst the 205/16 audit did not raise this matter, however current cash-flow forecasts points to going concern difficulties of ASIRE. This concern continues to haunt the overall sustainability of the entity due to the following reasons:

- ✓ Whilst the board approved and submitted an adjusted operating budget totaling to R17,5 million to the parent municipality, ADM Adjusted budget only approved R12,5 million to ASPIRE.
- ✓ Payroll costs for the year have been adjusted downwards to R11,3 million, ASPIRE requires R17,8 million to realistically finance on-going operational costs (including payroll). This requires that the current Board approved Adjusted Budget of R17,5 million be further revised downwards. This will likely result in cashflow difficulties towards the end of the financial period.
- ✓ During the 2015/16 financial period, output VAT totaling R1,1 million was not declared to SARS. Declaring these amounts as part of the 2016/17 VAT 201 returns will result in cash flow difficulties for the entity and will further attract interest and penalties as the entity will not have cash to pay for these declarations.
- ✓ The ADM council took a resolution in January 2016 to include ASPIRE on the roll-out of SAP(Financial Accounting System) as well as Municipal Standard Chart of Accounts (mSCOA) on the proviso that price negotiations ensue with the service provider. A process of supporting ASPIRE towards the roll-out of these projects is still underway. Project proposals totaling R16,4 million for both projects have been received. However ADM only confirmed a budget provision of R6 million towards supporting ASPIRE.
- ✓ Due to the prevailing cash-flow difficulties, ASPIRE is unable to fully establish an SCM unit with adequately capacitated staff and relies fully on support provided by the ADM towards work on this unit.
- ✓ Projects that ASPIRE continues to implement on behalf of third parties (Natural Resources Management and Adopt a Spot) do not yield project implementation fees sufficient to finance their day-to-day operating costs. This results in ASPIRE having to partly finance their operational costs from her own budget.

## **Section 2 – Resolutions**

### ***IN-YEAR REPORTS 2015/2016***

That the board take note of the contents in the in-year monthly report for March 2017 as set out in the schedules contained in Section 4

### ***RECOMMENDATION:***

That Board notes the monthly budget statement and supporting documentation for March 2017.

## **Section 3 – Executive Summary**

### **3.1 Introduction**

This report has been prepared in accordance with the Municipal Budget and Reporting Regulations, 2008 and in line with Section 87 of the Municipal Finance Management Act, 2003.

### **3.2 Consolidated performance**

#### **3.2.1 Against annual budget (original approved) Revenue by Source**

#### **Operating Revenue**

For the month of March 2017, operating revenue collections depict an under-collection of 4% (R604k). This was as a result of the ADM having transferred to full allocation of R12,5 million by end march. However, the approved budget ADM adjusted budget of R12,5 million is still not in line with the Board approval of R17,5 million resulting in projected under-collection as depicted.

Other revenue – Only revenue recognition on Adopt a Spot, NRM, BCMM (transfer to operations) have been recognized as at the reporting period. Also included in this category is project implementation fees. Current collections depict an over-collection of 13% (R507k). This is as a result of having received all the budgeted allocations from the Department of Environmental Affairs.

#### **Operating Expenditure**

Operating expenditure for the month of March 2017 depicts an under-expenditure of 14% (R2,4 million). This is as a result of reduced anticipated expenditure on payroll due to resignations and vacant positions not yet filled.

#### **Capital expenditure**

The agency's adjusted budget includes R615 000 on purchase of computers and software. However, no expenditure has been incurred as at the reporting period. Capital expenditure incurred to date totals to R944 thousand on projects currently under implementation. However, this type of expenditure does not get capitalized as part of ASPIRE fixed assets as it relates to projects that we implement on behalf of third parties.

### **3.3 Material variances from APP**

Reporting in line with targets as set out in the Annual Performance Plan is done separately and submitted to the Board on a Quarterly basis and is included as a separate report.
